

How You Can Support SKSM

We know that the distinctive educational values of Starr King make the school a key resource for Unitarian Universalism's future, for the vitality of our ministry, for the life of congregations, the education of our laity and for the contributions we make to the common good.

Here's what you can do:

- If you're making a current annual gift, double it – and make a three-year pledge to continue giving at this level.
- If you're not already a member of the President's Circle – those contributing \$1,000 or more a year – become a member, and make a three-year pledge to continue contributing at this level.
- If you're not yet giving to the school, start today – and make a three-year pledge to continue your support.

For more information about how you can support Starr King School, contact the Rev. Kelly Flood, Vice President for Advancement, kflood@sksm.edu.
