

Association of Theological Schools (ATS) reporting requirements

STATEMENT OF EDUCATIONAL EFFECTIVENESS

Graduating class of 2023

Each ATS member seminary is required to post a brief annual public statement of educational effectiveness, including some of the data taken from the annual ATS report that each member school submits at the end of the calendar year.

Demographics, class of 2023

- 18 students graduated.
- 14 MDiv degrees were awarded.
- 4 MASC degrees were awarded.
- 11 Unitarian Universalists
- 7 Non-Unitarian Universalists
- 13 White, non-Hispanic
- 5 BIPOC
- 0 unknown
- 7 women
- 6 men
- 5 non-binary

Number of years to complete degree

Years	MDiv	MASC
<2 years	0	0
2 - <3	0	4
3 - <4	5	0
4 - <5	6	0
5 - <6	2	0
6+	1	0

Graduation Rate

Graduation rate is calculated by identifying the number of MDiv students who entered the program six years ago this fall (entered in fall 2017) and the number of MASC students who entered the program four years ago this fall (entered in fall 2019). Then we identify the number of individual students from that group who have since graduated. This is the graduation rate.

MDiv	88%	17 students entered in 2016. Of this group, 15 have graduated.
MASC	100%	3 students entered in 2018. Of this group, 3 have graduated.

Placement after Graduation

An important part of a school's effectiveness is following students after their graduation to see if receiving a degree made a difference in whether they were achieving their placement goals. ATS requires us to report these figures annually. These results are from the past five years.

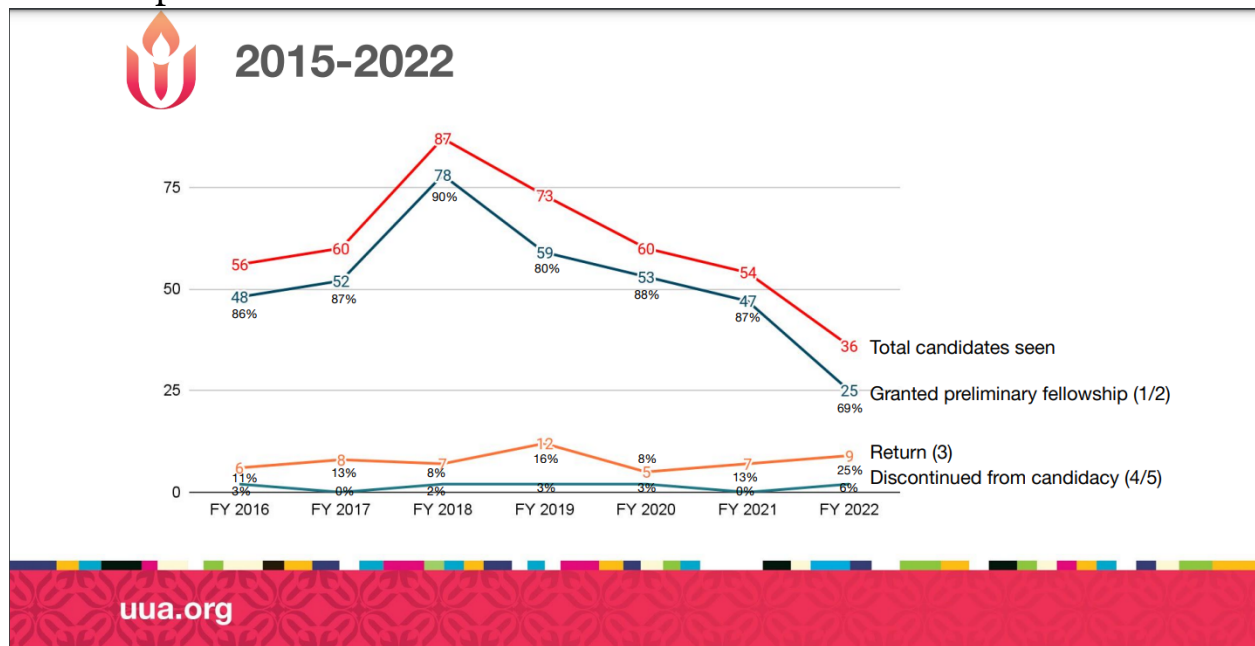

Postgraduate Placement (ATS categories)	2018	2019	2020	2021	2022	2023
Number of graduating students	22	17	18	22	19	18
Vocational placement	43%	65%	45%	86%	95%	89%
<u>Further study (includes CPE/internship)</u>	<u>47%</u>	<u>12%</u>	<u>28%</u>	<u>5%</u>	<u>0</u>	<u>11%</u>
These two categories are "Positive Placement" by ATS.	90%	77%	73%	91%	95%	100%

Unitarian Universalist Ministerial Fellowship Committee (MFC)

We are a Unitarian Universalist seminary, and so we report about our graduates' success in passing the MFC ordination interview. The MFC reports results to us (we are not given names or other identifying characteristics – only that a ministerial candidate graduated from our school). The MFC ranks candidates from 1 through 3. Receiving a grade of 1 indicates that they have passed immediately. Category 2 means that the candidate still has some work to do and needs to complete the assigned work and re-appear before the MFC. Category 3 means that the candidate has some serious deficits.

Students appearing during a calendar year	2019	2020	2021	2022	2023
Number of SKSM graduates appearing	9	8	9	10	6
Successful pass (category 1 or 2)	8	7	8	7	1
Must complete additional work (category 3)	1	1	1	3	3
Serious deficits (category 4 or 5)	0	0	0	0	2

2023 Note: While numbers of candidates appearing before the MFC have decreased, the number of candidates from Starr King School from the Ministry remained stable, even during the acute Covid pandemic. This year was an anomaly. In Fall 2023, Starr King launched the Unitarian Universalist Concentration, to support students who are candidates for fellowship as a UU minister.

Words from our Graduates

My time at Starr King has made me a better teacher, parent, and friend. I came to grow professionally, and yet I grew in every way. I am so grateful.

Annual Satisfaction Survey of Graduating Students

The MASC survey had 1/4 respondents.

1. My experience at SKSM enhanced my ability to understand thea/ological and ethical issues underlying efforts to address injustice and foster social change.
