Current/earned degree count (**excluding** Spring 2026):

After careful consideration, I am choosing to opt-in to a reduced credit degree option:

MDIV General Degree

MDiv – Multi-Religious Concentration

MDiv – UU Concentration

MDiv – Chaplaincy Concentration

MDiv – Psychedelic Chaplaincy Concentration

MASC Degree (36 credit degree)

MDiv/MASC Dual Degree (90 credit degree)

Reduced standard MDiv-MASC program (72 credits + 18 credits applied to both degrees) that is currently 114 credits—where 26 credits can be used towards both degrees.

I have reviewed the above information, and I have consulted with my advisor. I understand that by opting in to a reduced credit degree, I am still required to fulfill all the requirements of my chosen degree and concentration.
